Subject: Invitation to Partner in Shared Sanctuary Use

Dear Pastor and Church Leadership,

Grace and peace to you. I pray that your ministry is thriving and that God continues to guide your work in the community.

I am reaching out on behalf of **Saint John's Lutheran Church of Bellmore-Merrick** to explore the possibility of partnering with a fellow congregation that may be seeking a sanctuary space for worship, prayer gatherings, or ministry activities. Our church has been blessed with two beautiful, well-maintained sanctuaries, and we feel led to open our doors to support another church family that may benefit from shared space.

We believe that collaboration between churches strengthens the body of Christ and expands our collective impact. If your congregation is currently in transition, growing beyond your current facility, or simply exploring new options for worship space, we would welcome a conversation.

Our sanctuary offers:

- Comfortable seating and a warm, reverent atmosphere
- Audio/visual capabilities
- Flexible scheduling options
- A spirit of hospitality and partnership

We are open to discussing short-term or long-term arrangements, and we approach this with a heart for mutual support rather than transactional convenience.

If this opportunity resonates with your ministry's needs, we would be glad to connect, answer questions, or schedule a visit to the space.

Thank you for the work you do in the name of Jesus . We look forward to the possibility of serving alongside you.

In Christ's service,
Saint John's Lutheran Church of Bellmore-Merrick
Joint Council
